

Jurisdiction:	What is the percentage of your inmate population housed relative to total architectural designed bed capacity in your prison system at the current time?	If your answer above was over 100%, how many years approximately has your inmate population housed been over 100% of your total designed bed capacity?
Alabama	186.30%	10 or more years
Arizona	125%	10 or more years
Arkansas	104.70%	10 or more years
California	Current population is 203% of design capacity, includes contract beds	10 or more years
Colorado	110%	10 or more years
Connecticut	90.3%. Connecticut population is 19409 and can architecturally manage 21500.	
Florida	129.90%	10 or more years
Federal BOP	36% over capacity system wide	10 or more years
Idaho	122%	5-10 years
Iowa	18% over capacity	10 or more years
Kansas	Approx 95%	
Kentucky	95.7	
Massachusetts	144 % on 6/30/08 (MA DOC Custody Population)	10 or more years
Michigan	97.4% of our Total Funded Beds	
Missouri	100.4% MO DOC doesn't use architectural design capacity.	10 or more years
Montana	149%	10 or more years
Nebraska	138%	10 or more years
Nevada	134.58% (13,056 inmates and 9701 beds design capacity) Two facilities closed due to lack of funding	10 or more years
New York State	97.5% (General Population) 108% overall	10 or more years
Ohio	131.53%	10 or more years
Oklahoma	200.00%	10 or more years
Pennsylvania	112.00%	10 or more years
Rhode Island	90.50%	
Tennessee	98.5	

Jurisdiction:	What is the percentage of your inmate population housed relative to total architectural designed bed capacity in your prison system at the current time?	If your answer above was over 100%, how many years approximately has your inmate population housed been over 100% of your total designed bed capacity?
Texas	100% + Exact ratio not available	
Vermont	101.0% general population, 74.3% special populations	10 or more years
West Virginia	100	
Wyoming	86% as of June 15	10 or more years

Jurisdiction:	Do you currently have excess bed capacity in the prison system?	If YES to #4, what is your current number of excess beds, categorized by facility security level?
